Breakout Session 1

Hostile and Intimidating Behavior (HIB): Policies and Resources  
*Agriculture (3rd Floor)*  
*Michael Bernard-Donals, Vice Provost for Faculty and Staff*  
*Heather Daniels, Secretary of the Academic Staff*  
*Patrick Sheehan, Director of Workforce Relations, OHR*  
*Steve Smith, Secretary of the Faculty*

During this session you will learn about the policies for hostile and intimidating behavior and resources for dealing with this behavior. The presentation will allow plenty of time for your questions. This presentation is not intended to replace the workshops on hostile and intimidating behavior that will be offered to the campus community in late spring and continuing in the summer and fall.

On-the-Job Career Development: Putting 70-20-10 to work for you!  
*Landmark (3rd Floor)*  
*Lynn Freeman, Director, Talent Development, OHR*

Are you looking for professional and career development opportunities on the job? If so, then consider the 70:20:10 Model. This model suggests that 70% of employee development should take place through on-the-job training; 20% through coaching and mentoring; and 10% through formal training. This workshop will explain the model, highlight success stories in both academic and industry settings, and provide attendees with resources to use when implementing the 70:20:10 model of professional and career development.

---

Suicide Prevention: Ask a Question, Save a Life  
*Fifth Quarter (2nd Floor)*  
*Jean Papalia, QPR (Suicide Prevention) Trainer for Safe Communities Madison-Dane County*

If you know CPR, you can save a life from a heart attack, and if you know the Heimlich Maneuver you can prevent a choking death. Find out about QPR and you can save a life during a suicide crisis. Find out what it means to be a Merchant of Hope.

---

Title and Total Compensation Update  
*Industry (3rd Floor)*  
*Ronald Harris, Faculty Associate, Department of English (TTC Collaboration Team Co-Chair)*  
*Mary Luther, Title and Total Compensation Study Director, OHR*

In this session you will learn about the Title and Total Compensation Study. A focus of the session will be to provide detailed information regarding the new job framework and the development and updating of position descriptions.
Breakout Session 1 Short Sessions
Northwoods (3rd Floor)

These are 15 minute short sessions including Q&A. Participants are able to attend three presentations per breakout session.

Career Management 101
Elizabeth Schrimpf, Career and Education Counselor, Division of Continuing Studies
This session will provide a brief review of the career management process and tools to start active career planning.

Community Partnerships and Outreach (CPO) Staff Network
Libby Bestul, CPO Co-Chair and Outreach Specialist, School of Human Ecology
Megan Miller, CPO Co-Chair and Assistant Director of Civic Engagement and Communications, Morgridge Center for Public Service
The Community Partnerships and Outreach (CPO) Staff Network was established in 2008 for staff members who span the boundaries between campus and community. Members share a vision of the Wisconsin Idea that recognizes community members as full partners, essential to the engaged, collaborative work that transforms our communities and institutions for the public good. As a community of practice, CPO Staff Network provides resources and information, professional development and ongoing networking opportunities in support of this work.

HR Communities of Practice on Campus: Their Current State and Impact on HR Partnerships
Lauren Bowers, HR Specialist Advanced, OHR (Recruitment CoP)
Sarah Carroll, Senior Administrative Program Specialist, OHR (HR CoP Office)
Jamie Dregne, HR Specialist, OHR (Workforce Relations CoP)
Julie Karpelenia, Assistant Vice Chancellor for Human Resources, OVCRGE (HR Design Academic Units CoP)
In this short session, we'll highlight three examples of Human Resources (HR) CoPs at UW-Madison. We'll share why these CoPs were created, their impact, and how they are sustained.

Servant-Leadership at UW-Madison
Joe Goss, Senior Business Analyst, DoIT
The terms "servant" and "leadership" seem in conflict. Yet “Servant-Leadership” is a powerful tool for leading from the top, middle, and bottom of an organization. Learn about the foundation of this approach, where it is practiced, and UW-Madison's learning community.
Breakout Session 2

Campus Management of Federal Indirect Cost Reimbursement

*Fifth Quarter (2nd Floor)*

*Ann Bourque, CPA, PMP Analyst, Madison Budget Office*

This session will discuss the indirect revenue distribution methodology to schools and colleges and the types of expenses supported by indirect revenue.

"Did You Get My Email? Best Practices to Persuade People to Read and Respond"

*Landmark (3rd Floor)*

*Brian Rust, Communications Director, UW Office of the CIO and DoIT*

Many of us rely on mass email to "get the word out" about our program, project or service. Yet much of what we send either doesn't arrive, or is ignored. In this talk you'll learn several best practices that apply to email and other online mass communications.

*Agriculture (3rd Floor)*

*Peter Rafferty, TSM&O Program Manager, Traffic Operations and Safety Lab, Department of Civil and Environmental Engineering*

*Dr. Jonathan Riehl, Transportation Systems Engineer, Traffic Operations and Safety Lab, Department of Civil and Environmental Engineering*

In January 2017, UW-Madison was designated one of 10 federally recognized automated vehicle (AV) proving grounds by the US Department of Transportation. This presentation will discuss the initiatives at the Wisconsin AV proving grounds and with connected vehicles (CVs) including discussion of research happening in the College of Engineering and in other colleges and schools across UW-Madison. The discussion will also serve to garner interest in collaboration across the university regarding the topics of AV and CV.

Retirement 101: Sick Leave, Health Insurance, and Other Benefits at Retirement

*Industry (3rd Floor)*

*Thomasin Propson, Benefits Specialist, OHR*

Learn what happens to your state health insurance at retirement and how your sick leave helps pay for retiree health premiums. In this session we will watch Employee Trust Fund (ETF) eLearning videos about retiree health (including how Medicare affects retiree benefits) and other insurance including life, dental, and vision, with time for Q&A along the way.
Breakout Session 2 Short Sessions  
*Northwoods (3rd Floor)*

These are 15 minute short sessions including Q&A. Participants are able to attend three presentations per breakout session.

**Academic Staff Professional Development Opportunities**  
*Kim Bruksch-Meck, Associate Administrative Program Specialist, Department of Family Medicine (PDRC Member)*  
*Jake Smith, Deputy Secretary of the Academic Staff*

This short session will provide a look at the professional development programs for academic staff that are administered through the Secretary of the Academic Staff Office. Programs include the Academic Staff Professional Development Grants, the Executive Education Grants, and the Academic Staff Excellence Awards.

**Campus Supervisors Network: An overview of CSN**  
*Kayla Driscoll, CSN Member and Associate Administrative Program Specialist, Department of Chemistry*  
*Rich Gassen, CSN Member and Print Production Manager, DoIT*  
*Kate Skogen, CSN Member and Lab Tech Support Supervisor, Department of Integrative Biology*

Campus Supervisors Network (CSN) is a Community of Practice that formed out of the desire for more communication and discussion between managers in the various divisions and units of our vast organization. We facilitate events, provide links to resources on campus, and network with other managers about how to excel in our roles as leaders. Anyone on campus in a supervisor or manager title are encouraged to join our email list to stay up to date on programs and events we are sponsoring.

**Plain Language for Effective Communication**  
*Jennifer Sell, English Language Instructor and Trainer, Cultural Linguistic Services*

Plain language makes it easier for your audience to read, understand, and use the information you communicate. Strategies that range from word choice to font to grammar tweaks can help you create clear and motivating messages for diverse audiences. Come learn how people across campus and across the globe rely on plain language to save time, money, work, and frustration when communicating with native and nonnative English-speaking audiences.

**UW-Scientist Network**  
*Andrea Bilger, Ph.D., Senior Scientist, Department of Oncology*  
*Mats Johansson, Ph.D., Senior Scientist, Department of Biomolecular Chemistry*  
*Suzanne Ponik, Ph.D., Senior Scientist, Department of Cell and Regenerative Biology*  
*Megan Spurgeon, Ph.D., Associate Scientist, Department of Oncology*

The mission of the UW-Scientist Network is to inform and to advocate for UW staff Scientists; to establish paths to enrich and advance their careers; and to recognize their contributions, both financial and intellectual, to institutional and research continuity at UW-Madison.
ASPRO Legislative Update
Northwoods (3rd Floor)
Kathi Kilgore, Academic Staff Professionals Representation Organization (ASPRO) Lobbyist

Hear a legislative update from ASPRO's Lobbyist as the state legislature wraps up its work for the year. Learn about the advocacy arm of the Academic Staff and how you can work with ASPRO to advance academic staff issues with legislators, the Governor and the UW Administration.

Creating and Sustaining a Lab Management Community of Practice
Landmark (3rd Floor)
Sharon Blohowiak, Senior Research Specialist, Department of Pediatrics
Kevin Galles, Senior Research Specialist, Department of Pediatrics
Kyle Hanson, Associate Researcher, WI Electric Machines and Power Electronics Consortium
Nicci Schmidt, Research Program Manager, Waisman Center

This session will go over community-driven best practices for lab management professionals at UW-Madison. Communities of practice serve many purposes. Collaborate with colleagues who share similar challenges. Share your expertise. Join us to discuss ways to optimize lab and core success. This community is for anyone who is in a lab management role including research labs, core labs and instructional labs.

CRISPR on Campus: Editing the Genome from Agriculture to Zebrafish
Agriculture (3rd Floor)
C. Dustin Rubinstein, Director of Genome Editing & Animal Models Core, Biotechnology Center

Over the last few years, the technology to rewrite the sequence of genomes has been developed, and it's transforming the way we think about biology, medicine, agriculture, and engineering. Come learn more about this technique and how it's being used across campus.

“Shine On” Meditation Workshop
Fifth Quarter (2nd Floor)
Esty Dinur, Communications & Community Relations, Wisconsin Union Theater, Meditation Leader

It is spring. The days are getting longer, the sunlight stronger. It is time for an internal spring cleaning. Time to shine! In this meditation workshop you will engage in meditation, movement, breath work, and spiritual and physical exercises designed to help you leave winter behind--whether physically or symbolically--and open your heart to spring and light.

WAA: Past, Present and Future
Industry (3rd Floor)
Sarah Schutt, Chief Alumni Officer and Executive Director, Wisconsin Alumni Association

The Wisconsin Alumni Association was founded in 1861 by alumni who wanted to ensure the continuation of our great state university, mobilize alumni for its support and serve the interests of alumni. While our mission has remained largely the same for the past 157 years the higher education landscape, expectations of alumni and industry trend to a combined advancement model has resulted in a new way of doing business. This session will describe the new advancement model within the merged Wisconsin Foundation and Alumni Association explore the wide variety of strategies and initiatives to meaningfully inform and connect alumni with the university and with each other, and inspire their support for UW. Questions are encouraged!
